SUMMARY

As a full-stack web developer with a web development certificate from the University of Washington Professional & Continuing Education, I am a driven and self-motivated individual with a passion for technology and a desire to make a positive impact through my work. I have a strong foundation in programming languages and a proven ability to learn and adapt quickly in a fast-paced environment. With a focus on delivering high-quality, reliable solutions, I am committed to constantly improving my skills and staying up-to-date with the latest technologies. Whether working independently or as part of a team, I am always striving to contribute to the success of the project and the company.

TECHNICAL SKILLS

Front-end: HTML, CSS, Javascript, JQuery, Bootstrap, React, Responsive Design

Back-end: MySQL, Sequelize, MongoDB, Mongoose, Express, Node, APIs

PROJECTS

Tech Blog | https://github.com/andreahergert/tech_blog | <https://ancient-citadel-20743.herokuapp.com/>

- This is a tech blog created in the UW Coding Bootcamp. On the front-end, the app can be accessed at Heroku, and on the back-end, this is a node command line application.
- This was created on my own.
- HTML, CSS, Bootstrap, JavaScript, Handlebars, MySQL, Sequelize, Node, Express

Text Editor | https://github.com/andreahergert/text_editor | <https://murmuring-garden-28398.herokuapp.com/>

- This is a text editor application created in the UW Coding Bootcamp. The text editor runs in a browser and can be installed on a computer.
- Starter code was given for this project, but I added functionality for database storage and installation as a progressive web application.
- HTML, CSS, JavaScript, Node, Express, Webpack, Service Worker

Motivation Station | https://github.com/andreahergert/motivation_station | <https://secret-springs-16165.herokuapp.com/>

- This is a group project created in the UW Coding Bootcamp. On the front-end, the app can be accessed at Heroku, and on the back-end, this is a node command line application. The Motivation Station is an app where users can keep track of their goals.
- My responsibilities for this project were the project manager, back-end development, and debugging.
- HTML, CSS, Bootstrap, JavaScript, Handlebars, MySQL, Sequelize, Node, Express

WORK EXPERIENCE

Librarian I – Information Services / Cataloging

Jefferson County Library, Port Hadlock, WA (5/2016 – 7/2022)
